Pre Trip Information

FISHING IN ARGENTINE PATAGONIA

Fishing in Argentine Patagonia is a rewarding experience, not only in terms of the number and size of the fish, but also in terms of the fantastic wildlife and the rich regional culture. Here are a few hints to help you get the most of your time down south

Terms, Booking

Your booking is not confirmed until a 50% non-refundable deposit is received. The remainder of the deposit falls due 90 days prior to travel. All guests are reminded to take out appropriate travel and cancellation insurance. Please fill out the booking form at Loop Travel internet: www.loopadventures.com/booking

Visa

There is no advance visa application requirement for travel to Argentina for citizens of most European countries and the USA. You will automatically be issued a tourist visa upon arrival at the first point of entry. We will advise on receipt of your passport details if the Argentinean authorities require additional information relative to your nationality.

International Flights

These are not included in the price of your fishing holiday and it is the responsibility of individuals to make suitable arrangements. Our Argentinean operations team, (Gabriel Tournour), can however make these arrangements for you. If you require this service please indicate on the booking form and he will contact you with the necessary information and options that are available.

Domestic flight / Travel Service Package

If you choose to make use of our service package we will arrange your flights to and from Buenos Aires and Gallegos / or Calafate, book your hotel whilst you are in Buenos Aires and arrange all your travel in Buenos Aires between the airports and your hotel.

You will be met on arrival in Buenos Aires, once you have cleared customs, by a representative with a Loop sign. Normally all international flights arrive early in the morning and if you elect not to spend a night in Buenos Aires the connecting flight is from Jorge Newberry domestic airport in the afternoon around 2-3 pm.

The transport between airports takes approximately 1 hour. We will transport you to the domestic airport for your connection and assist you with retrieving the e-ticket and with check-in at the domestic airport. If you choose to overnight in Buenos Aires, before travelling to Gallegos, you will be transported to your hotel and taken to the domestic airport the following day. On your way home you will again be picked up and all your movements taken care of between the hotel and/or the International airport as required.

To assure places on the flight to Gallegos or Calafate we must have your travel arrangements to and from Buenos Aires a minimum of six weeks prior to travel as this flight is normally fully booked.

To order this package and to get prices: please contact our partner in Rio Gallegos, Gabriel Tournour: gabriel@looptackle.se

NOTE: If you have booked the travel package with us and for some reason you do not connect with the representative at the airport, please arrange a taxi to take you to either your hotel or direct to the domestic airport if it is on Saturday morning. At the domestic airport you will receive your e-ticket by showing your passport at the Aerolineas Argentinas check in. Please save the receipt and the cost will be deducted from the service package price

Pre Trip Information

FISHING IN ARGENTINE PATAGONIA

Individual Travel Arrangements to Rio Gallegos

You will require to book the internal flight from Buenos Aires domestic airport to Rio Gallegos city flying with Aerolineas Argentinas. (Please note that it takes approx 50min to transfer between the international and domestic airports in Buenos Aires.) The outbound flight departs on Saturday at 1520 hrs and depart Rio Gallegos airport at 1125 hrs. The flight time is normally 3 hours however occasionally the flight diverts over Ushuaia, the worlds most southern city, which takes an additional 2 hours. It is therefore strongly advised that your international flight is booked on Sunday, thereby allowing for any complications which might arise.

On arrival at Rio Gallegos you will be met by Las Buitreras staff and transported by 4x4 or mini bus to the lodge. The journey takes approximately 50 minutes.

Accommodation in Buenos Aires

The price of your hotel room is not included in the travel service package however we will book you into our preferred hotel, Hotel NH Florida on San Martin Av, unless you inform us otherwise. This hotel is situated in the centre of Buenos Aires provides all the facilities that you would expect from an international hotel.

Buenos Aires City

Buenos Aires is a beautiful and vibrant city with a fantastic atmosphere and a wide variety of eating and entertainment possibilities at a very reasonable price. Travellers in Buenos Aires are advised to apply the usual security precautions prevailing in any large city in the world. Be careful of personal possessions particularly expensive watches and cameras and remain alert to your surroundings. Good restaurant – Las Lilas, book table at reception!

Important phone numbers

If you experience any problems in Buenos Aires please contact our Argentinean Operations office in Rio Gallegos on phone +54 296 6 429 483 or our 24hr emergency contact on +44 7834 543842. From Argentina Gabriel cell phone 029 661 556 7536.

Christer Sjöberg, Sweden +46-70 666 86 32

Las Buitreras Lodge, new, please ask

Baggage Important

Please ensure your baggage carries the contact details of our Argentinean Operations officer:

Gabriel Tournour

San Martin 923

Rio Gallegos, Argentina

Ph: +54-2966 420 368

E-mail: gabriel@looptackle.se

This will ensure that lost baggage can be redirected to us.

Pre Trip Information

FISHING IN ARGENTINE PATAGONIA

Clothing

Pack light, warm and windproof clothing. Most of the fishing occurs in the Argentine summer, but at parallel 53 south, the days can be chilly, particularly when the wind blows! Those visiting us in the late season can count on cold mornings and evenings. Windbloc and Windstopper fleece products are very good and when combined with breathable waders and jacket, offer superior protection that will keep you warm and comfortable all day. Prepare to dress in layers. The sun is intense because the ozone layer is thin in this part of the world and you may encounter very warm weather as well. Tropical "flats clothing" in neutral colors can be worn to advantage under warmer outer layers. Remember your sunscreen and polarized sunglasses!

Extend your stay with our add-on programmes

Argentina is a wonderful country and we are often asked for additional programmes to enhance our guests' experience. Aside of the Jurassic Lake add on to Buitreras program, we have also the following recommendations:

Eco tours with Martina McNamara

Everyone that has visited Las Buitreras knows that our former Lodge Manager Martina McNamara is one of the people that has made Buitreras the "magic" place it is. Martina is also a teacher in the University for Wild Life Management and we know that nobody will take care of you better than Martina. Programs can be customized to guests, why not non fishing guests in Buitreras, specifications and for example could include: Monte Leon National Park, Los Glacieres National Park, Stag River and more.

Vine testing in Mendoza District

For more information and booking, contact Gabriel Tournour. E-mail: gabriel@looptackle.se

Terms and Conditions

FISHING IN ARGENTINE PATAGONIA

Visiting Argentinean Patagonia requires transport by airplane and 4-wheel drive vehicle. The lodge is situated in a remote wilderness area and medical standards and facilities may be several hours away and not necessarily of a standard available in the USA or Europe. Guests must understand and accept the risk associated with such means of conveyance and the conditions prevailing in the locality. Travel schedules in Argentina can change due to adverse weather, strikes or other factors beyond our control. Such circumstances may require airlines tickets which often have tight restrictions and for which we cannot be held responsible. Each person making a reservation must send the internet booking form stating that these terms & conditions is fully understood and accepted. Registration for the trip and receipt of payment in advance indicates that cancellation/refund and responsibility clauses as outlined above have been read and are accepted.

Any prospective guest who has special medical or dietary requirements is asked to contact the office prior to booking in order that they can be properly advised.

All guests must have appropriate and valid travel and trip cancellation insurance and details must be provided to Loop Adventures prior to travel. Horse riding and helicopter is at the guests own personal risk.

**FILL OUT THIS FORM AND RETURN TO LOOP ADVENTURES.
PLEASE USE BLOCKLETTERS.**

It is very important we get your flight and flight number to and from Buenos Aires (B. A.), in order to provide the local travel package. If your flights are not booked when sending this booking form, please forward the information as soon as possible. Please note that the flights often are full-booked, and a good advice is to book in time.
